

## Survey Evaluation Results

In the attachment you will find the evaluation results of the survey Statistics For The Behavioral And Natural Sciences.

Course: 19FALLS BIOL/SOCI/PSYC 224 OCD

The overall indicator is listed first. It consists of the following scales:

- Comments

The overall indicator is followed by the individual average values of the scales mentioned above. In the second part of the analysis the average values of all individual questions are listed.

**Zachary Bowersox**  
19FALLS BIOL/SOCI/PSYC 224 OCD  
Responses (Response Rate): 1 / 7 (14.29 %)

## Overall indicators

### 1. Comments

1.1) In what ways did this instructor excel in teaching this course? Please be specific.

- He teaches the material until we fully understand, is always willing to answer questions, and he always gives us the benefit of the doubt on tests. You can tell he cares about his students and makes the material easy to learn in a difficult course.

---

1.2) In what ways could this instructor improve when teaching this course? Please be specific.

- The syllabus doesn't quite match with what we do in class which can be confusing, and I'm not entirely sure how the points work in this course.

## Profile Line for Indicators
